SUMMARY

I am a 2020 graduate in Electronics G Communication Engineering with over three years of diverse professional experience spanning operations, quality management, and IT technologies. Recently upskilled in Oracle SQL, Unix, Linux, AWS, and job scheduling tools, I seek to transition into a technical IT role. I am proficient in database management, scripting, and cloud-based solutions, with hands-on experience in incident management and deployment activities across banking, healthcare, and logistics domains.

EXPERIENCE

IT Trainee

10/2024 - 01/2025

[Aimore Technologies Pvt Ltd](#)

Chennai, India

A technology services company focusing on IT solutions.

- Executed SQL queries and automated processes with Unix scripting.
- Managed job schedules and incident responses using Autosys and ServiceNow.
- Monitored application performance and cloud resources using Dynatrace and AWS tools.
- Participated in deployment activities, log file analysis, and resolving issues to meet SLA requirements.

Operations & IT Support Engineer

03/2023 - 10/2024

[Makeen Energy India Pvt Ltd](#)

Chennai, India

A company specializing in energy solutions.

- As an Operations & IT Support Engineer, I managed LPG operations and IT systems, including SAP Billing, by monitoring plant activities, ensuring compliance with safety standards, conducting risk assessments, and training staff, resolved server issues, optimized workflows using tools like ServiceNow, enhanced system performance with cloud solutions, managed multi-site IT infrastructure, integrated SAP modules for efficient billing and invoicing, prepared reports and collaborated with teams to improve processes.

Operations and Maintenance Support

11/2021 - 11/2022

[Sinclus Engineering & Consulting Pvt Ltd](#)

Chennai, India

An engineering consulting firm providing operational support.

- Conducted performance and quality assurance checks on bottling equipment.
- Scheduled preventive maintenance and optimized production planning.
- Implemented cost control measures to improve operational efficiency.

Quality Engineer Trainee

05/2021 - 10/2021

[Sharda Motor Industries Limited](#)

Chennai, India

A manufacturer of automotive components.

- Performed quality inspections on automotive components.
- Assisted in process improvement initiatives to maintain production standards.

Subject Matter Expert

01/2020 - 04/2021

[Doubtnut India Pvt Ltd](#)

Chennai, India

An educational platform for engineering students.

- Authored detailed solutions for engineering problems.
- Provided academic support to students in core engineering subjects.

EDUCATION

B.E.

08/2016 - 05/2020

[St. Peter's Institute of Higher Education and Research](#)

Chennai, India

HSC

06/2014 - 05/2016

[St. Peter's Higher Secondary School](#)

Chennai, India

SSLC

06/2012 - 05/2014

[St. Peter's Higher Secondary School](#)

Chennai, India

KEY ACHIEVEMENTS

Academic Achievement

Secured school second rank in SSLC board exams.

Scholarship

Awarded a scholarship by ULLAS Trust for academic performance.

Leadership Recognition

Received an appreciation letter for leadership in NCC summer camps.

Soft Skills Award

Won first prize in a soft skills training program for effective communication.
